You got a boyfriend
I got a girlfriend
I keep on wondering
Are you happy?
Where are you tonight?
Under the same sky
Wish you could tell me, tell me
Are you happy?

lie awake, I keep hoping
that you'd say you're lost and lonely

-Chorus-

I know, I know
There's nobody better, better
You were meant for me and I was meant for you
I still want you, want you
If you have me, have me
My door is open hoping you'll walk through

Ah, ah, are you happy?
Ah, ah

Where did you go then?
No, way of knowing
It was a sudden
Are you happy?
What did I say then?
I'll take it then
Wish you could tell me, tell me
Are you happy?

lie awake and i can't stand it
why should we make this so tragic

-Chorus-

I know, I know

There's nobody better, better
You were meant for me and I was meant for you
I still want you, want you
If you have me, have me

My door is open hoping you'll walk through

Ah, ah, are you happy?

Ah, ah, are you happy?

Ah, ah, are you happy?

Don't know to believe in

I stopped but I'm still breathing

I lost everything but I'm still holding on

You got a boyfriend

I got a girlfriend

I keep on wondering

Are you happy?

-Chorus-

I know, I know

There's nobody better, better

You were meant for me and I was meant for you

I still want you, want you

If you have me, have me

My door is open wondering you're too

Ah, ah, are you happy?

Ah, ah, are you happy?

Ah, ah, are you happy?

You got a boyfriend
