Love is blind
It's so good, but it's so unkind
Gonna make you crazy everytime
There's no where to run, no where to hide
Ohh no

Here it comes again
Here it comes again
Uh oh
Here it comes again
Uh oh, uh oh
I've got my blindfold on
My hands are tied, and I'm in the dark (you got me in
the dark)
I've got my blindfold on
There's nothing sweeter than the cherry on top (than
the cherry on top)
I can't see anything but you
All I wanna do
Is surrender to this feeling
Even if it's wrong it feels so right
Tonight
It feels so right

Time stands still
All of a sudden you forget what's real
You need a cure, but there is no pill
To help you be strong
You're just too far gone

Oh no
Here she comes again
Here she comes again
Uh oh
Here she comes again
Uh oh, uh oh
I've got my blindfold on
My hands are tied, and I'm in the dark (you got me in
the dark)
I've got my blindfold on
There's nothing sweeter than the cherry on top (than

the cherry on top)
I can't see anything but you
All I wanna do
Is surrender to this feeling
Even if it's wrong it feels so right
Tonight
It feels so right

No stopping now
I'm in too deep
I've lost control
And it's so sweet
It's so sweet

Here it comes again
Here it comes again
Uh oh
Here it comes again
Uh oh, uh oh
I've got my blindfold on
My hands are tied, and I'm in the dark (you got me in
the dark)
I've got my blindfold on
There's nothing sweeter than the cherry on top (than
the cherry on top)
I can't see anything but you
All I wanna do
Is surrender to this feeling
Even if it's wrong it feels so right
Tonight
It feels so right
I've got my blindfold on
I'll keep this blindfold on
Feels so right
