They say the end is near,  
The world just might explode,  
But I don't know, yeah I don't know.  
They say that Cali is gonna fall into the ocean,  
I don't know, but what a way to go.

So if it does I'm gonna grab my surfboard out the sand,  
Yeah if it does, we're gonna ride that wave right to  
Atlantis,  
And party on the water where the girls are so much  
hotter,  
Getting crazy swimming looking for dry land.

If it ends tonight then this is it,  
Gonna dance to the apocalypse.  
Cause, if I'm going down then you're going down with  
me.  
If I'm going down then you're going down with me.

If I'm going out you're coming with,  
And we'll ride it out let's take a chance.  
Cause, if I'm going down then you're going down with  
me.  
If I'm going down then you're going down with me.  
Down with me.

They say the anarchy is rife around the globe,  
But I don't know, I don't know.  
They say the internet is the devil in sheep's clothes,  
And maybe so, but I don't know.

If it is, then I'ma stay up late and watch it all end,  
If it is, until they'll pull the plug, we'll end it all  
And then we'll go out in the dark just like the animals  
we are  
We'll be like cavemen lighting fires under the stars.

If it ends tonight then this is it,  
Gonna dance to the apocalypse.  
Cause, if I'm going down then you're going down with  
me.  
If I'm going down then you're going down with me.

If I'm going out you're coming with,  
And we'll ride it out, let's take a chance.  
Cause, if I'm going down then you're going down with  
me.  
If I'm going down then you're going down with me.

Got an underwater DJ spinnin' a song,  
As long as we're together then we can't go wrong.  
C'mon we're getting crazy, crazy, crazy.  
Everybody's getting crazy, crazy, crazy.

If I'm going down.  
Then you're going down.  
If it's ending now,  
Then baby we're going out, going out, going out with a  
bang.  
Going out, going out, going out with a bang. (bang)

If it ends tonight then this is it,  
Gonna dance to the apocalypse.  
Cause, if I'm going down then you're going down with  
me.  
If I'm going down, then you're going down with me.

Here we go, here we go, here we go.  
Here we go, here we go, here we go.  
Here we go, here we go, here we go.

Cause, if I'm going down then you're going down with  
me.  
Down with me.
