I'm jumping overboard  
I'm diving into you  
You're what I've waited for  
I just wanna be with you  
I'm floating in the sky  
You're like a parachute  
You open up my eyes  
Everything I see is blue

Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I know I'm meant for you  
Ah, ah, ah  
I'm falling into you

I'm on a carousel  
And I'm not looking down  
I'm underneath your spell  
Everything is spinning 'round  
You're like a waterfall  
It's just the way you move  
You're breaking down my wall  
And the river's pouring through

Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I know I'm meant for you  
Ah, ah, ah  
I'm falling into you

I had to stop and stare  
First time i saw you  
Now we're a perfect pair  
This fairytale is coming true  
I'm on a speeding train

And it's not on the track  
But you can read my brain  
You pull me close and whisper back

Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I know I'm meant for you  
Ah, ah, ah  
I'm falling into you

I sink into you  
The world is new  
When you flip me upside down  
I'm off the ground  
I hear the sound  
Of your voice calling out my name  
I start to change  
I rearrange  
We are just like butterflies  
We're way up high  
With stars that fly  
And they shine with you and

Ah, ah, ah  
I'm falling into you  
Ah, ah, ah  
I'm falling into you  
Ah, ah, ah (I'm so in love)  
I know I'm meant for you  
Ah, ah, ah (I'm so in love)  
I'm falling into you  
I'm falling into you  
Everything is new  
I'm falling into you  
I'm so in love with you  
I'm falling into you  
Forever you and  
I'm falling into you  
I'm falling into you  
I know I'm meant for you  
I'm falling into you
