My dear it's you up against the whole  
Entire world  
Faster, faster, fading faster  
Your dreams are under patrol  
You've been living in this city of ghosts  
For far too long  
Slowly, slowly, changing slowly  
You're starting to play along

Tonight you'll fight  
To smile on the inside  
Tonight you'll try  
To make this right

Now it seems you'll never want to  
Get off the ground  
Your get are planted, your wish is granted  
But this reasoning's unsound  
Will you ever die if you never live  
One single day?  
Your heart beats to the sound of angels  
But you can't feel a thing

Tonight you'll fight  
To smile on the inside  
Tonight you'll try  
To make this right  
Make this right, make this right

Don't act like you never cared  
And come down, come down from there  
I see it on your face  
You want to leave this place  
Come down, come down

This is your last try  
To let it go, let it go

Tonight, tonight,  
I'll fight to make you right  
Tonight I'll fight  
To make you smile
