Here for a moment and then youre gone  
You left a part of yourself in my car

Waiting for you to come back around to me

Late last night you fell apart  
Somewhere, somehow  
If I could fall I would fall for you  
Thats what I would do

Footsteps echoing through this corridor  
You search for something to give  
But what will it take?  
Waiting for you to slide back down to me  
Im waiting for you to slide back down to me

Late last night you fell apart  
Somewhere, somehow  
If I could fall I would fall for you  
Thats what I would do  
Yeah, thats what I would do

Late last night  
You fell apart  
And I almost  
Fell for you
