War answers our questions!
In the memories of forgotten lies
Life changes our faces!
And the changing of hands by your side

I told the people I know
I'm pleased to of come back
Looking back on my life, afraid to see this
(Searching for my life it was all I wanted)
Now I wonder who shared my dreams of falling apart
tonight
(Filter through your night, the fight has ended)

War answers our questions!
In the memories of forgotten lies
Life changes our faces!
And the changing of hands by your side

I told the people I know
I'm pleased to of come back

Looking back on my life, I've paid to see this
(Searching for my life, it's all I wanted)
Now I wonder who shared my dreams, as I say
goodbye tonight
(Filter through your night, the highlight has ended)

Forget forever!
Turn and face me, what did you see
Remembering never!
Forever

I opened up my eyes and shouted out
Are you here?

Don't let the nightmares pull you down
And make us scream out loud

Last chance to change (now were far from sight) last
chance to stay
Last chance to change (right here tonight) last chance
to stay
