So did you not think IÂ'd notice?
I start believing just as you start breaking out
So did you not think IÂ'd notice?
I start believing but I leave now anyway
So I, so I will find
What I, what I can hide

The mood is getting colder (cold)
A little bit darker
And I have to say you are
And IÂ'm happy to say goodbye

I hear the people talking
DonÂ't ask me why
I hear the people talking
I donÂ't care, donÂ't care why

So did you not think IÂ'd notice?
You think IÂ'm leaving as you see me breaking out
So did you not think IÂ'd notice?
I say IÂ'm leaving but IÂ'm here now anyway
So I, so I will find
What I, what I can hide

The mood is getting colder (cold)

A little bit darker
And I have to say you are
And IÂ'm happy to say goodbye

I hear the people talking
DonÂ't ask me why
I hear the people talking
I donÂ't care, donÂ't care why

And I miss your face sometimes
Did we ever get it right?
We wait for the sign
To realise if we force our fear of love
With the past inside us
We can live in silence

Can you hear them calling?

I hear the people talking
Don't ask me why
I hear the people talking
I don't care, don't care why

Can we live for what we love?
It's all in the past now
Do we live for what we love?
It's all in the past
