So where do we go?  
Nothing more than a feeling  
One chance to believe it  
Place your bets on the final stand  
We can't be forgiven  
We can't make a sound  
So set us free as we hit the ground

In a rock and roll bar  
Bury yourself in confrontation  
Now it's opened up  
The blood and the damage of the fight  
It's useless waiting for this  
Waiting for this now  
I am not afraid  
It builds on my foundation  
Our preservation  
In times we've bled

So tell me if we get through this  
You know we never deserved it  
We're standing tall as we take our stand  
We can't be forgiven  
We can't make a sound  
So set us free as we hit the ground

In a rock and roll bar

Bury yourself in confrontation  
Now it's opened up  
The blood and the damage of the fight  
It's useless waiting for this  
Waiting for this now  
I am not afraid  
It builds on my foundation  
Our preservation  
In times we've bled

What we take is our division (so do we wait for what,  
wait for what's to come?)  
What we keep is our division (so do we wait for what,  
wait for what's to come?)

Now it's opened up  
The blood and the damage of the fight  
It's useless waiting for this  
Waiting for this now  
I am not afraid  
It builds on my foundation  
Our preservation  
In times we've bled

Someday?  
Tonight?  
Someday?  
Tonight?
