she wakes me from my sweet jealousy
to tell me she's scared just like me
she takes me like nobody before
... wherever she goes

she would paint the empty skies
just to catch your fleeting smile
she can make me feel a little shy

she's my brand new toy
I like the way she moves me
my brand new toy
she turns to me so softly
she says ... lean on me

she's my brand new toy
I like the games we're playing
my brand new toy
and I'll make her sit and wonder
I'm under her impression, too

so early out and into bed again
night to day she'd rest my aching head
and I'd take this world
to show my interest
to find that leaves her totally unimpressed

my smile, my words, my charme
when she takes me in her arms
she makes me feel a little bold cause ...

she's my brand new toy
I like the way she moves me
my brand new toy
she turns to me so softly
she says ... lean on me

she's my brand new toy
I like the games we're playing
my brand new toy
and I'll make her sit and wonder
I'm under her impression, too

just wake me up
