[Intro]

Here's a little song that we wrote for you,  
Just for everything you are and everything that you do,  
We wanna thank you (wanna thank you)  
We wanna thank you.

[Verse 1]

Aint nobody got my back like you.  
Or rap like you, or show a dog love like you,  
Somehow you can turn my grey sky blue,  
When i'm having a bad day you get me through.  
I appreciate you, and all the things you do,  
Plus I love and respect you too  
And that's why just before  
Everytime when I'm cutting a song,  
I let em know you is gonna be on,  
I'm just trying to say thank you.  
I sit here thinking about you  
If you weren't here what would I do  
You know I need you around me  
Without your love were would I be  
I feel  
Even though I'm far away your next to me  
So real  
All the loving your giving me makes me just wanna say

[Chorus]

Thank you for the things you do,  
You picked me up when I was down  
Thank you for the joy you bring  
You turned my life around  
(and I wanna say)  
Thank you,  
For being there for me through everything  
Thank you,  
For letting me be myself once again

[Verse 2]

You always come at the right times  
Stick to the right words  
Make me feel fine even when I'm hurt  
Even with some hate  
You show that you love me  
I'm on your mind all the time, thinking of me.  
That's how I know that you truly care,

Anything I go through, I know you'll be there  
As long as you love me I ain't going nowhere  
'Cos your all I need I swear  
I really wanna,  
How do I say thank you for the,  
Things that you've done for me I,  
I can't explain the joy it brings to my world,  
Your my world and my everything,  
Since the beginning, you've been there for me,  
So I sing this song to you for all that you do,  
I just wanna say thank you.

[Repeat Chorus]

Heres a little song that we wrote for you,  
Just for everything you are and everything that you do,  
We wanna thank you (wanna thankyou)  
We wanna thank you (for everything you do)  
Just for being there for us when we were down and out  
And, for the little words that you said out your mouth.  
We wanna thank you (wanna thank you)  
We wanna thank you (for everything you do)  
When I'm feeling down,  
You are always there to pick the pieces up,  
And place me on my feet again,  
When your time comes around  
Just don't let our feeling,  
You need It,  
You can count on me for anything,

[Repeat Chorus]

Heres a little song that we wrote for you,  
Just for everything you are and everything that you do,  
We wanna thank you (wanna thankyou)  
We wanna thank you (for everything you do)  
Just for being there for us when we were down and out  
And, for the little words that you said out your mouth.  
We wanna thank you (wanna thank you)  
We wanna thank you (for everything you do)
