Color of the wing and the color of the air
When the think of you why understand your impossible
dream
Show me your whisper, your long and low whisper
Do you remember those days? Can you tell me why
you're there?

You say, "It's all in vain..." (It's all in vain, it's all in
vain...)
I say, "You come back to me..." (Back to me, back to
me...)
You say, "It's all in vain..." (It's all in vain, it's all in
vain...)
I say, "You come back to me..." (Back to me, back to
me...)

You say, "It's all in vain..." (It's all in vain, it's all in
vain...)
I say, "You come back to me..." (Back to me, back to
me...)
You say, "It's all in vain..." (It's all in vain, it's all in
vain...)
I say, "You come back to me..." (Back to me, back to
me...)

It's all in vain... Why don't you come back to me?
