Translations

Am I finally alright now? This is what they ask me,
I look so pained, my tears seep through my two hands.

When the tears that blind my eyes fall, I can see you
clearly,
My love, don't cry. I don't know if I should take you
away with me.
You still hold on to so many memories.

chorus

I close my eyes for a moment, I still love you so. I

should give up, but I can't let you go.
You taught me how to love. Now, how can I forget you?

Again, I'm drunk today. I call you but you don't pick up.
Again, I cry.
What did we say? Still those tedious words. I can't even
say the words 'I'm sorry'.
What I have become, I cannot grasp the dream that is
now distant.

repeat

The love that you have been waiting for, I cannot have.
The promise that we made, to shed our tears
together... I can see them now.
