[YC] [Rap]
You know there's like a moment that
Fading fight between you and I
And I'd rather hope than make you sad and cry
What I just wanna say is
Keep the faith, the faith never is born in us
It can't take us, there is many different cases
So turn the light out
Interact with a little piece of dream
Sound brighter, we all want the same sound
And I can't help the tears
I told you I'm your freedom like a bird going through

the sky
What are we, just a big christmas tree at night?
