I want to plan my addiction  
I want to take every chance, rob a bank, make the  
money and run.  
Oh its time to find adrenaline.

I wanna move you till your fingers sweat,  
and have you going till you're out of breath,  
oh tonight we're making history...until you're history to  
me.

its the way that you move  
you move so well  
and by your eyes baby i can tell  
its no surprise, you and i, have had this going on all  
night.

I wanna move you till your fingers sweat,  
and have you going till you're out of breath,  
oh tonight we're making history...until you're history to  
me.

hey little one night stand don't you wanna get one step  
closer to me?  
i can see it in your eyes girl, oh tonight, you're letting  
me in..  
you're letting me in i know...  
(2nd 1/2)  
i can see it in your eyes  
its just for the night,  
its all that you need, its all that you need...from me.
