feeling blue, thinking of you
i was a fool to let you walk away
tears in my eyes today
make my world a color of blue

red with a twist of orange and sayan
green of to the left
and yellow mellow hello (hello)
paint me a smile
im covered and flowered with one
only one

oh baby im alone
alone without you
what oh what am i sposed to do

im alone
alone without you
im the color of blue

feeling blue, thinking of you
i was a fool to let you walk away
tears in my eyes today
make my world a color of blue

feeling blue, thinking of you
i was a fool to let you walk away
tears in my eyes today
make my world a color of blue
