Fallow the sun  
Fallow the sun  
Fallow the sun up high  
Together we'll stay  
Feeling this way  
Its shining for you and I, oh baby,

Fallow the Sun  
fallow the sun  
leaving the rain behind  
together we'll be  
in harmony  
takin' the time, we will find our way

sunshine, i need your energy, i feel sunshine, shinin'  
down on me now  
sunshine, dont you hide away, i need  
sunshine, each and every day

sunshine, i need your energy, i feel sunshine, fallin'  
down on me now  
sunshine, dont you hide away, i need  
sunshine, each and every day
