(Operator - Papaya)

Operator, operator, please hook me up
To my lover at the end of the line
Operator, operator, please hook me up
To my lover gotta know that he's mine
Operator, operator, please hook me up
To my lover at the end of the line
Operator, operator, please hook me up
To my lover gotta know that he's mine

When darkness falls and I'm all alone
I need you to call me on the telephone
When night time comes and I don't have a choice
Once again I need to hear your sweet little voice
I heard a song on the radio
I'll call you up to sing it for you
So if you turn on the radio
You will feel the magic too

Operator, operator, please hook me up
To my lover at the end of the line
Operator, operator, please hook me up
To my lover gotta know that he's mine

Please hook me up to my lover
Please hook me up to my lover
