(So meny men - Me & My)

So many men, so little time
So many men for Me & My
So many men, so little time
So many men for Me & My

It's morning, I open my eyes
And everything's still the same
I turn to the guy who stayed last night
And ask him: What's your name?
This seems to happen more and more
I love those men one and all
Each new one I meet
Makes my heart beat fast
When I see them so strong and tall

So many men, so little time
How can I lose
So many men, so little time
How can I choose?
So many men, so little time
How can I lose
So many men, so little time
How can I choose?
