Temptation - temptation - I feel hurt dancing in my  
heart -  
When we're together I knew it from the start:  
I want to stay but - it's never for ever

It's never for ever

With temptation  
temptation  
temptation  
temptation.  
Temptation  
temptation - stay  
stay  
don't leave me on my own

Don't leave me alone.

Temptation  
temptation  
temptation  
temptation
