"Freak Of Society"

Visit "[Freak Of Society](#)" on MotoLyrics.com

I'm a freak of society in a society of freaks
A community where many talk
But no one really speaks
I'm a freak of society in a society of freaks
We want to find happiness
But no one really seeks

I'm a freak of society in a society of freaks
Parents blaming others for
The troubles of their geeks
I'm a freak of society in a society of freaks
My friends are shooting dope while they are
Watching Twin Peaks

Too many freaks without a solution
A 9 to 5 parade of prostitution
This is what became of human evolution
I don't want to live in this institution

I'm a freak of society in a society of freaks
Too many TV channels with
Too many soccer leagues
I'm a freak of society in a society of freaks
Where the lonely man lay dead in his dirty
House for weeks

Too many freaks without a solution
A 9 to 5 parade of prostitution
This is what became of human evolution
I don't want to live in this institution

But I don't have a choice unless a revolution
Will end this community of brain pollution
I'm a freak too 'cause I find no solution
I'm part of this until dissolution
