Come Klaus, there is no one home
Get your big dick out
Bring him deep in here
And let us all be happy
Ooh, ah ah, lascivious Klaus,
But get him out please

Get him out Klaus, there's sauce coming out

One hour later is it play time again
Trixie spreads her legs
Klaus is ready for the second time
Such an old guy, that's not normal anymore
And now he wants to without a rubber
Trixie says: you are stupid stupid stupid

Klaus calls: You stupid goat
For you I can get ten others
Fuck now or be gone
I can't take it anymore in this shit
Trixie gets very scared
There he is with his gun again!
