-- Welcome to the second installment..  
Y'all know my name so we ain't gotta get into alla that  
Y'all know the deal  
This is AOI part two, and we call this one "Bionix"  
(Bionix)  
And as y'all always know, we gon' hit y'all with that De  
La shit  
Yeah.. yeah..

Uh (better) yea (better, stronger)  
Yea (better, stronger, faster)  
Yea..

[Dave]  
Ladies and gentlemen, we in the trench again  
Makin it relevant, just for the hell of it  
I'm introduc'in it, throw a little juice in it  
Got on that old bullshit to get you used to it  
It's been a minute now, only a minute now  
A little re-evaluatin, hope you feel me now  
I'm on some new me, focused on the new tree  
Tryin to shake the money off the limbs so I can do me  
I blame the fans for it, I heard demands for it  
Went to Somalia, they holdin out they hands for it  
Went to the hood, these niggaz tried to trace a dance  
for it  
Dancefloor it after Mase brings you out of the break

-- Before we go any further we wanna send a special  
thanks  
To all those folks out there that been supportin De La  
since '89  
Now that's a long time  
Overseas, city to city, state to state

Yeah, we gon' keep bringin it live to you..

[Pos]  
Unlike these underground MC's who rock for heads  
We include the throat chest arms and legs  
No need to spit in the cypher to show you I'm a lifer for  
rap

I cultivate moves larger than that  
And I don't ball too much, ya dig  
I gotta ball and chain at my crib who want my ass home  
My heart-BEAT N.Y.C. metronome  
But can't adapt to where I'm at  
And even though I sing it sick 'til I'm blue, I'm not a crip  
So unlike non-GANG members I won't C-walk to look hip  
But if I had to join a gang I think I'd join GangStarr  
Me, Guru and Primo with them beats for the car  
that bounce trampoline style, revamp the deen child  
Hot and mild and I hustle rap the same  
Cuff a little shit, due to muscle fat, I gain  
We them God type dishin the grunge to make you love

-- Yeah kids

Just a little taste how we gon' get things started in a  
minute  
Sit back, get your headphones straight  
Whether you're ridin in a Escalade or a Pinto son, turn  
that shit up  
Oh remember AOI part three comin soon, on some DJ  
shit  
Yeah - we about to get this shit poppin..
