Ah hah ha hah-hah (4x)

\*sung\* just stop takin me for a ride..

(c'mon, c'mon, c'mon)

\*sung\* all I wanna do is take my time..

(take your time baby, take your time baby, c'mon)

\*sung\* just stop takin me for a ride..

(ah hah ha hah-hah, hah ha hah-hah)

\*sung\* all I wanna do is take my time..

[dove]

I'ma stand up for art express, do mic test rehearsals  
Eight years of man livin, ain't no edits or commercials  
Flick the God like mummy, but my own want a debit  
Tossin facts and how they axis don't, spin on a limit  
Ain't no need to dwell, to health I'm fakin your jax  
Ride niggaz get to sittin to rear, so play the parks of  
rosa

Suppose I have my whole life on it

Funny how those you love love the evil they do

I brew the medicine to heal, a bit of verbals we had

But yo' ideas of heal, is left the surface of it scabbed

Navigations nearly took me on some cruise type  
expense

Dispensin me some shitty canal, I took the juice

Because I'm used to one-ways, detours and  
destinations

Of ways in life, I pretends the knife

Stuck in my spine'll be a symbol, how jack can b. nimble

But it's time to make that foggy vision crystal

We gots to get the crystal right?

\*sung\* just stop takin me for a ride..

\*sung\* all I wanna do is take my time..

\*sung\* just stop takin me for a ride..

\*sung\* all I wanna do is take my time..

[truth enola]

Take my time..

Well I don't wanna go that far

To sell my soul, I ain't gonna go that far

I'm takin minds and hearts beyond the shinin star

Raw dick, honey I don't wanna go that far  
So listen why you riskin your mentality against mine?  
Sick of leadin love  
Sick of leadin love, leavin love loudfaced  
In the vehicle of mine  
Them wanna do awards, ? nine ninety-nine, watch em  
Profile the true fall out for so-called friends  
Like mercury and water, we just don't blend  
I end the game technically, you wanna stop me  
True gems show affection like jody watley, so..

\*sung\* just stop takin me for a ride..  
\*sung\* all I wanna do is take my time..  
\*sung\* just stop takin me for a ride..  
\*sung\* all I wanna do is take my..

Take my.. take my time..  
Take my..  
Take my.. take my time..  
Take my..(but I don't wanna go that far!)

[posdonus]  
I recall kissin on my lady, talkin bout makin babies  
Now we made the baby, but cannot connect as legal  
spouses  
Now me and my daughter reside in different houses  
What louses up the structure, is leavin things up to  
The child lesser, than a child runnin wild from mild  
pressure  
Mega.. (mega..) nega.. (nega..) tive  
To live a master plan when that plan has no master  
You stare at false tongues, leadin the yung'un to  
disaster  
Postures of this world is seen as mad crooked  
Want your manhood, but man, your dad took it  
We used to swallow 40's and a whole lot of pride  
Nice mc's be frontin on some whole other vibe  
Just because them albums are sealed, doesn't mean  
Them lyrics are untampered with, let's kill the myth  
That as mc's we know it all, we all children still  
No tricks for ninety-six, it's due time we build man..

\*sung\* just stop takin me for a ride..  
Yes, stop gassin me, stop gassin me  
\*sung\* all I wanna do is take my time..  
All we want to deal, is reality  
\*sung\* just stop takin me for a ride..  
Stop gassin me, stop gassin me  
\*sung\* cause all I wanna do is take my time..  
Take my time, take my time, c'mon!
