L-Y-R to the I-C-S  
Niggaz still fussin' bout who be the best  
When diggy-dawg bounce too I put all that to rest  
Anyone try test I put two in they chest  
Quest or no Quest I leave venues a mess  
Don't ask me to collab me and you don't mess(mix?)  
I stay fresh from the fresh never front nor 'fess  
In the name of J. Christ all mic's'll get blessed  
P: power possess flavor, style, finesse

Microphone honeys two things I caress  
To all you fake Jiggy-niggaz, STILL not impressed  
Queens: I rep it to the fully, you'll think I own the Mets
