If we could fly
In the dreaming of dreams
And you came to me
I would welcome you in

But now I'm awake
In the dark on my own
With nothing to read
And it's too late to phone

Bella don't cry, Bella don't cry
Time passes by, and loneliness flies
Someday we'll be together
Though it may be forever
Bella don't cry, Bella don't cry

We talk across waters, we walk in the air
Look for reminders of reasons we care
Fill up our days with meaningless acts
Watching the clock as it tries to turn back

Bella don't cry, Bella don't cry
Time passes by, and loneliness flies
Someday we'll be together
Though it may be forever
Bella don't cry, Bella don't cry

And if the place for us
Is far beyond this earth
I'll wait in peace for you
If I should be there first

Someday we'll be together
Though it may be forever
Bella don't cry, Bella don't cry

Someday we'll be together
Though it may be forever
Bella don't cry, Bella don't cry
Bella don't cry, Bella don't cry
