It was a long hot day
At the end of the Summer
I had a chill in my heart
Like the start of the Winter

And I didn't know what to wear
I wasn't sure what to say
I was standing alone
At the tail of the river

Dive in to me - into the raging sea
Follow your heart down where it's deep
And it's dark
Dive in to me - into the healing sea
Put your life into my hands
And take a chance
Dive into me

So we loaded up the car
Drove deep into the mountain
Where the river was born
In time's holy fountain

And we spoke about how it ran
All the way to the ocean
Trusting it's path
To a natural motion

Dive in to me - into the raging sea
Follow your heart down where it's deep
And it's dark
Dive in to me - into the healing sea
Put your life into my hands
And take a chance
Dive into me

Sometimes swirling waters drag you down
Knowing how to swim doesn't mean
You'll never drown
Come the storm, you hold in fear
Whoever's by your side
Sometimes you're just drifting in the tide

Dive in to me - into the raging sea
Follow your heart down where it's deep
And it's dark
Dive in to me - into the healing sea
Put your life into my hands
And take a chance
Dive into me
