"Giving Up"

I'm trying to decide between mind and my attitude
I'm giving up the things I wanna be me and be not like
you
Shy nervous and quiet sitting in the corner that's no
longer me
You wanna figure out this kid then you'll just have to
see
Cause what I was what I am what I wanna be
I'm no longer blind it's your crossed-eyes that cannot
see
A simple now now I think that I must give it up (give it
up)
Insight pow my life just needs another cut

[Chorus:]

I said I'm giving up I'm giving up what I used to be
I said I'm giving up I'm giving up now I'm giving up
what I used to be
I said I'm giving up I'm giving up what I used to be
What I used to be

[Chorus]

This time I'm clean (clean) this time I just don't give a
care
A whole new scene (new scene) this life I live this time
must be fair
Had 18 years at 19 I began again
This time no fears don't ask me why I told you when
Cause to reach the top the top of which I lay my hope
My true friends knock they knock to make sure I don't
choke
One day some day we'll all make it through just fine
Those days those days we'll all make up for wasted
time

[Chorus]

[Chorus]

What I was
To what I am
To what one day
I might turn out to be

[Chorus]

I said I'm giving up I'm giving up what I used to be
I said I'm giving up I'm giving up now I'm giving up
what I used to be
I said I'm giving up I'm giving up what I used to be
What I was what I am what I wanna be
