Halfway home
Halfway home
We're halfway home
Halfway home

So how come when you hit up a party when you get
there you see that it's full of bums?
And how come when you finally talk to the girl you find
out that she ain't no fun?
So now I sit with my friend and I'm drunk in his car and
he's patiently driving me home.
And his night sucked too, his girl's off to college broke
him off and he liked her too.

Me and my friend,
We've been through a lot.
And I don't see
Us ever being stopped.
See we know...
Were almost home.

Halfway home
Halfway home
We're halfway home
Halfway home

So now us two sit in silence only car on the street
Playing tracks we know we'll both like.
I stare out the window.
I stare at the lights.
And I don't know what life is doing.
And I don't know what I'm doing next year.
I don't know why I can't get a date.
I don't know what's a good career.
But I do know this,
Tonight went wrong.
And me and my friend,
We'll get along.
So neither of us know,
But we're almost home.

Halfway home
Halfway home
We're halfway home
Halfway home

The party was like everything.
It could have been fun but I messed it up.
So I stand alone, I sip much faster, and get way too
drunk.
Looks like I'll never know...
But we're almost home.

Halfway home
Halfway home
We're halfway home
Halfway home
