I could not ever see myself just packing up and taking
off
Just to fall asleep and work again
I will not count my sleep hours, Let 'em all just have me
all groggy and incoherent
I just met a crazy girl who's sane so I'm not about to
leave just yet
Only an idiot would say "Right on, I'll see ya." Just to
go home and think what coulda been
We've both finished ripping off all the labels on the
pantry cans
We've all succeeded hurling the t.v. still plugged in
down the front stairs
So why not?

[Chorus]

Cause we can stay if we want to

She could not ever think of leaving, everyone she
knows is never all in the same place
The eight hours she spends hardly working, with this
she would gladly replace
All she wants is what we want: free time laughing with
no designated end
She told me "I will not be a slave to time, time must
learn to roll with me."
So why not? Why not?

[Chorus]

Cause we can stay if we want to
Cause we don't care like they do

It cannot stop too many of us laughing each other on
We cannot stop we need more trouble before the night
is gone
So why not? Why not? Why not?

[Chorus]

Cause we can stay if we want to
Cause we don't care like they do

So why not? Why not? Why not? Why not?

[Chorus]

Cause we can stay if we want to

Cause we don't care like they do

Yeah we can stay if we want to

Cause I'm gonna stay as long as you do

As long as you do [x4]
