I want a moment without an end. [x4]
I wanna spend some time with my best friend.
I want a moment without an end. [x4]
I wanna spend some time with my best friend.

And with all the time we had
And with all the good and bad
Everynight my eyes closed mad
I'd turn around and I'd do it again
And with all the drunken nights
And with all the stupid fights
Both saying we were right
I'd Turn around and do it again

Sometimes I feel that days are just hours for me
Sometimes I feel there is no one left that I would wanna
be
Sometimes I feel too many people live so they can say
they won
Sometimes I look up at the starlit city sky and know it's
done

With all the drunken nights of pride
Fliped conversations we'd collide
But we always seemed to try
I'd turn around and do it again
Can you believe what we've begun?
Everyone we could outrun
I just wanna do it all again.

I want a moment without an end. [x4]
I wanna spend some time with my best friend.

Sometimes I feel that life is only there for me
Sometimes I feel that life is just a game to beat
Sometimes I feel that life is something I can't see
Sometimes I feel that life was not made for me!

How did it start?
I choose to run without a mark
How did it start?

Too many actors with the same part
How did it start?
I garb onto something sharp
How did it start? How did it Start!?! [x2]

And if I don't make it.
And if I don't make it,
And if I don't make it...
Tell everyone I've had my fun [x4]

I want a moment without an end. [x4]
I wanna spend some time with my best friend.
