My cousin PJ gets crazy just as much as he can  
A real party reptile for a northern man  
He's dressed like a republican  
He thinks conservative  
But he drives faster than I ever did

He's into nuclear power and insider deals  
He has a scene with baby oil and heels  
He's my favorite politician  
When he comes on weird  
Says I'm not fit for this office let's get out of here

My, my, loves his ma and apple pie  
Well, well, he's the party's favorite guy  
I hope you like it  
You know I'm going to take good care of you  
I hope you like it  
I hope next time you bring your friends with you

He's a drinkin', huntin', shootin', fishin' son of a gun  
He knows a surgeon's gonna keep his wife young  
Got industrial kickbacks in an offshore bank  
Knows who to stand on and he knows how to thank

I hope you like it  
You know I'm going to take good care of you  
I hope you like it  
I hope next time you bring your friends with you  
My, my, loves his ma and apple pie  
Well, well, he's the party's favorite guy

He likes to come take me for a night with the boys  
He talks about the NRA and their toys  
Got an automatic rifle in his pick up truck  
He drives me home when he's in no state to walk

My, my, loves his ma and apple pie  
Well, well, he's the party's favorite guy  
I hope you like it  
You know I'm going to take good care of you  
I hope you like it  
I hope next time you bring your friends with you

I hope you like it  
Love it, like it  
I hope you like it  
Love it, like it
