Oooo you and me
Seems like 25 years ago
The whole city was different then
How were we to know?

Live my life in a simple way
Gonna live it all in a single day
Single day

The one I love is still in you
The one want is in there too

The one I love is still in you
But I don't have the time that I used to

I can be your miracle man
Maybe it's my day
I was always lucky man
Teach me how to pray

I believe in you
And you know it's true
You can leave me out
What I do is what I do

The one I love is still in you
The one I want is in there too

The one I love is still in you
But I don't have the time that I used to

The one I love is still in you
The one I want is in there too
The one I love is still in you
But I don't have the time that I used to

The one I want

The one I want

Hey Hey Hey

Yeah - The one I want

The one I love is still in you
The one I want is in there too
The one I love is still in you
But I don't have the time that I used to

The one I love is still in you
The one I want is in there too

The one I love is still in you

But I don't have the time that I used to.
