You wanna know the secret, hoping she'll release it.
What you're wanting, tell her what you needed.
You can taste it, better you don't waste it.
Go ahead, go firing your greed up right now.
Not tonight, don't know what she's holding.
That's alright, going to get ahead now.
Might be different, need to know the content.
Now you see, curious you need to be.

Tell me what you got in that box right now.
I've got no excuse for what I've done, what I've
become.
No, I've, you've got some excuse, sun is gone, what's
done is done.

I think I ought to mention, many have been tempted.
Want to know it, secret that she's keeping.
Try to brake it, still you didn't make it.
Lost your head, not getting what you're seeking.
Once you find it, what you gonna do then?
And if she's lying, are you gonna go back home again?
I know you won't forsake it as long as you can take it.
Crazy fool, reminding me of me.

Tell me what you got in that box right now.
I've got no excuse for what I've done, what I've
become.
No, I've, you've got some excuse, sun is gone, what's
done is done.
