"A New Dawn"

Lightly come, lightly go
Sick of your idealized home
I'm only pain
Not good for you
Don't follow me for
I'm lost too
Another day, another way
Once again I brave the world
In the light of things to come
It takes more to turn me on
And when the day is dawning
I leave it all behind
And when your world is calling
I leave it all behind
With a crying eye
And when the day is dawning
I leave it all behind (with a crying eye)
And when your world is calling
I leave it all behind (with a crying eye)
And when the day is dawning
I leave it all behind
And everything you're falling for
I leave it all behind
