You float on desire
To light up my heart
Come down and lift my soul much higher
You aim to inspire
A glow in the dark
You've come to set my world on fire

The one I admire
You tear me apart
You know quiet well what I require
Your flesh I desire
To feel just a spark
Of life before my life expires
That secret spell of you enchanted me
Oh how it moves me when I see
Your beauty timeless like a tragedy
My love for you's an endless dream

I've finally reached my home
I'll never be alone
Never in this life
