I would die for you
You are my soul support
I don't lie to you
I will take all things you taught
I get high on you
You're the most befooling drug
And I sigh for you
I would never touch your luck
You don't flee
Keep me in view
You see me
Safely through
When the cold
Hurts my soul
You're like the sun
Want to fly with you
To a place we don't know
I will cry for you
When the time has come to go
