Sexual attraction
Though it makes me blind
And I can't feel the softness
That really makes you kind
Don't go away,
Please stay today
Don't hide your face
But see me praying
You're the light that shows the way
Also when I drift away
Also when I drift away
Because I lost in you
Lost in you
Because I lost in you again
Lost in you
And I know I hear your breath again
Close to my ears
And I know I feel your body
So warm (?) and so wet
Sexual attractionÂ...
Though it makes me blind
And I can't feel the softness
That really makes you kind
Don't go away,
Please stay today
Don't hide your face
But see me praying
You're the light that shows the way
Also when I drift away
Also when I drift awayÂ...
