We break out of the norm  
Like walking through a storm  
Our wishes are too bad  
Exploding in my head  
The kisses are so hot  
Morality will rot  
The passion's so intense  
Sweat runs through our hands  
Oh girl make me understand  
Why your sexy moves make me so wild  
Oh girl take me by your hand  
While your sexy moves make me a child  
We sacrifice our souls  
We're changing our roles  
Obscenities and dirt  
Tender words would hurt  
Don't show mercy now  
Only teach me how  
Indecent game's should be played  
Please be my catty fay  
Oh girl make me understand....
