As it turns out, it relaxes her mind,
Diz is boppin, it makes her feel fine,
When we swing to the bass and thing, she's in another
place and time,
Music style drives her wild, but the feelings so sublime,

Chorus:

My baby seems so crazy about this, jazz
I really gotta play some of this, jazz
Back to the dew drop

Slow and tender, as she surrenders
Her sweep flying to flow
I am in splendor, with her surrender
When this comes from, nobody knows

Chorus:

My baby seems so crazy about this, jazz
And even if it doesn't sound like, jazz music
Back to the dew drop

Diz is boppin, jazz
Diz is boppin, it makes her feel fine jazz
When we swing to the bass and things, she's in another
place and time
Music style drives her wild

Chorus:

My baby seems so crazy about this, jazz
I really gotta play some of this, jazz
And even if it doesn't sound like, jazz
My baby will be crazy about this, jazz music
