Give me your bright white eyes
That I might see
The blindness
Of a narrow-minded flea
We cannot bridge the
distance
Don't
Get too close to me
How deep must you fall down
To understand
That
Selfishness is always
built on sand
Waiting for the
impact
You
Got nothing to defend
I'm happy with you,
Happy with you
night and day
I'm feeling with you,
Bleeding with you
Anyway
I can see no reaction
It's a
Strange affection
I'm serving you,
I'm serving you
As a prey
I'm leaving you,
Deceiving you
Not today
I can feel no reaction
What a
Strange affection
I'm trapped within a maze
Of lies and
Fake
Don't have the strength to speak,
To fight or hate
I hang in doubt,
My head is cramped
Why did we seek the end
I'm happy
With you,
happy with you
night and day
I'm feeling with
You,
bleeding with you
Anyway
I can see no reaction
It's
A strange affection
I'm serving you,
I'm serving you
As a prey
I'm leaving you,
Deceiving you
Today
I can feel no reaction
What a
strange affection
