Check the scene outside of Medellin  
Make a fuss in Caracas  
Big cigars in dark Havana bars  
Mambo slow Guantanamo

Was so glad escape in Trinidad  
Upside down in Kingston town  
Stole a car in the streets of Panama  
Went too far in Bogota

A little weak, a little pale today  
Looks like it's time for that certain holiday

Space cake break at the Titicaca lake  
Got some more in Ecuador  
Asked for a dance in a dive in Port-au-Prince  
Went too far in Bogota

A little weak, a little pale today  
Looks like it's time for that certain holiday

A little weak, a little pale today  
Looks like it's time for that certain holiday

Space cake break on the Titicaca lake  
Got some more in Ecuador  
Stole a car in the streets of Panama  
Went too far in Bogota

A little weak, a little pale today  
Looks like it's time for that certain holiday

A little weak, a little pale today  
A little weak, a little pale today
