Check the scene outside of Medellin
Make a fuss in Caracas
Big cigars in dark Havana bars
Mambo slow Guantanamo

Was so glad escape in Trinidad
Upside down in Kingston town
Stole a car in the streets of Panama
Went too far in Bogota

A little weak, a little pale today
Looks like it's time for that certain holiday

Space cake break at the Titicaca lake
Got some more in Ecuador
Asked for a dance in a dive in Port-au-Prince
Went too far in Bogota

A little weak, a little pale today
Looks like it's time for that certain holiday

A little weak, a little pale today
Looks like it's time for that certain holiday

Space cake break on the Titicaca lake
Got some more in Ecuador
Stole a car in the streets of Panama
Went too far in Bogota

A little weak, a little pale today
Looks like it's time for that certain holiday

A little weak, a little pale today
A little weak, a little pale today
