Time to change my direction
Maybe I? I will forget
That southern heritage that makes me strong
But the spirits tell me
It's time to jet
Cause the spirits move me

The spirit moves me back and forth,
True North

I tell you it ain't peaches and cream
Cause the road is wet and slippery

But I'd rather be slippin' and slidin'
That runnin' and hidin'

The train is getting' ready,
So ya'll come on board
Your ticket is determination
Ya'll, we're goin' up north
Cause the spirits move me

The spirit moves me back and forth
True North
