Every day just feels the same
Nothing ever happens here
I lose myself in reverie
Every once in a while
Enchain me
With your gentle kiss
Artificial and clean
I lose my tenuous grip on life
So it seems

Everything I can remember
Need you here with me
Your calming words
Are like a melody

Turn me on
Bring my blood to run
Turn me on
Could you be the one?

Everything I can remember
Need you here with me
Your beauty timeless
Like a tragedy
