Take me over again, That's alright on the ways
See me shine when I swim, Blue Horse
There's a mountain ahead, We can lie and get some
rest
We'll brush the tail and we'll dress, Blue horse

We'll go home...Soon..We'll go home
We'll go home...Soon..We'll go home

Daddy the sunshines all gone, And it's dark in the sky
Put me on top let me ride, Blue horse

We'll go home...Soon..We'll go home
We'll go home...Soon..We'll go home
We'll go home...Soon..We'll go home
We'll go home...Soon..We'll go home

Blue Horse.....Blue Horse.....Blue Horse.....Blue Horse
