There's no direction
And no way through
There is no reason
To pay back what is through
You never owned intentions
Never knowed no way back
Never knowed no way back

But I know you're only asking
And I know you might just care
You only ring my number
For the answer that's not there
You know the cost of everything
And the value of nothing
The only thing that's certain
Is you're bound to love again

And he just came from Eden
Where the fruit was on the tree
And he passed me some and signalled
That the world was there to see
And it seemed so wide and opened
And it seemed to be so free
It seemed to be so free

Well you opened up the cage
And you let us fly away
You saw us as we carried
All the gifts that you now see
You know the cost of everything
But you value what you yearn
The only thing that's certain
Is you're bound to love again
Bound to love again
Bound to love again

Bound to love again
Bound to love again

You know the cost of everything
And the value of nothing
The only thing that's certain

Is you're bound to love again

I know you're only asking
And I know you might just care
You only ring my number
For the answer that's not there
You know the cost of everything
And the value of nothing
The only thing that's certain
Is you're bound to love again

You're bound to love again
Bound to love again
