I'm sure Buddy would know
But I can't ask him
What picture you'd go to
Given the choice of things
Things not being as they are now
I'm sure Buddy would know
If I could phone him, up

Where is he now
Where is he now
Is he with you
With you
Is he with you

I could find out so easily
I could find out so easily
I could find out so easily

I'm sure Buddy would know
I'm sure Buddy would know
I could find out so easily
So easily
So easily
