You sigh, you walk, you talk, you care about nothing  
Sometimes you feel that life has treated you wrong  
I've got a feeling you know what the score is baby  
But it's hard when you're sitting here surrounded by  
friends

I've got a love that i'll cling on to  
And i'll stay there stay there till the end  
'cause one thing i know is

I have found an answer i don't think you don't care  
Just you laugh 'cause you're loaded  
And things are different from there  
I have found an answer i don't think you don't care  
Just you laugh 'cause you're loaded  
And things are different from there

You walk and you talk  
And you sing and you shout  
And you justify about anything  
And you rant and you rave and you hope and you say  
nothing  
And you eat and you drink and you dress and you live  
as if  
No one else did baby  
No one else like you lives out in this world

I've got a love that i'll cling on to  
And i'll stay there stay there till the end  
'cause one thing i know is

I have found an answer i don't think you don't care  
Just you laugh 'cause you're loaded  
And things are different from there  
I have found an answer i don't think you don't care  
Just you laugh 'cause you're loaded

I have found an answer i don't think you don't care  
Just you laugh 'cause you're loaded  
And things are different from there  
I have found an answer i don't think you don't care  
Just you laugh 'cause you're loaded

And things are different from there
