Whatever I call you's your name  
You'll get on with it just the same  
Sometimes you'll blame me  
And think that love is hard

Your lover'll break your heart  
Make you make a brand new start  
He'll say that nothing'll touch him  
You'll think that love is hard

It's your birth  
It's your birth  
It's your birth  
It's your birth

Love isn't hard it's strong  
True love will never be wrong  
Whenever you know it  
You'll think that love is hard

When Icarus crashed from the sun  
Some boatmen looking on  
Saw only a golden  
Bright beautiful dawn

It's your life  
It's your life

It's hard to watch you on your own  
Getting up and growing old  
Trying to remember  
Love isn't hard it's strong

It's your love  
It's your love

It's your love  
It's your love
